Make Your Dreams Come True

My breeder friend, isn't it true that you often sit down by your fireside during these evenings and let your fancy weave pleasurable dreams?

Haven't you often wished that you could have a herd of Black and Whites second to no other herd in the county? Haven't you wished that in your herd were cattle which represented the best producing blood in the world? The surest way to "make your dreams come true" is to breed your cows and heifers to Sir Ray Apple Korndyke, the 36.20 lb. bull.

When you own this kind of stock your whole farm takes on an added interest. The youngsters get better attention. You have more visitors coming to see your cattle and you begin to sell young stock at big prices.

## RAISE ALL YOU CAN

The spirit of the times is to plant big crops for the coming year. Everybody is going to raise all they can, whether it be in the back yard garden or in large cultivated fields. An over-production of anything is not possible, there will be such a demand for foodstuff for next winter.

In this connection we call attention to seeds for certain crops that we make a specialty of and can furnish in any quantity.

SEED CORN. There will be a tremendous call for seed corn this spring. Anticipating this, we have a larger stock of seed corn than usual and have taken extra pains in its selection and in testing the different varieties. The average test of all of our varieties is 98% germination. We have Mart Kindig corn, White Cap Yellow Dent, Ninety Day corn, Pride of the North, Eight Rowed corn, Turner's Blue Ridge Ensilage corn, Red Cob Ensilage corn and some other varieties. We have anything you can possibly need in the way of seed corn.

SWEET CORN. Stowell's Evergreen, Golden Bantam, Howling Mob, Black Mexican, Country Gentleman.

GARDEN SEEDS. All varieties, all sold from bulk stock. Everything necessary to make a good garden, large or small.

OTHER SEEDS. Field Peas, Oats, Barley (beardless and bearded), Rape, Alfalfa, Clover, Sweet Clover, White Clover.

LAWN SEED, LAWN FERTILIZER.

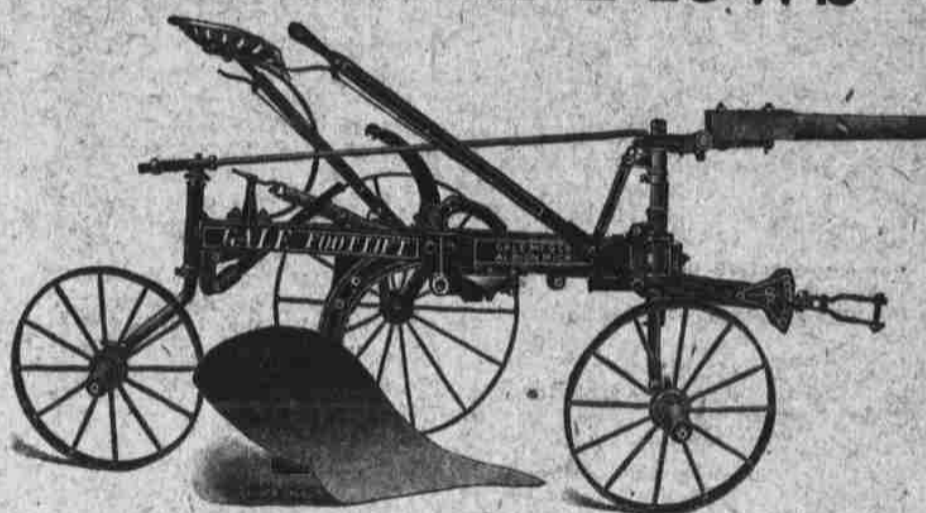

BUCKWHEAT FLOUR. We have a small quantity of fine, old fashioned Buckwheat Flour which we are selling at a reduction.

CHICK FEED. 47 varieties for starting, growing and developing chicks.
